Here are the new Drafts. We see two options: the two letters or the MOA. We should have a discussion about the preferred approach in the next day or so.

This is the draft MOA and draft letters - USING Dec 7, 2018 AS EPA'S END DATE.

Also, my understanding is that at Wren's request, Att B (draft FIP) is not included here, as the intent is to convert it into a SIP-like document.
